Oregon-Columbia Chapter, 601 NE Everett St, Portland, OR 97232

\$465 per-person for Chapter Members

A comprehensive pre-construction planning process can increase project profit margins and raise the likelihood of success. This course will focus on the major principles for successful pre-construction planning to create a process that extends through the bidding, pre-construction, and project execution phases.

Following this class, participants will be able to:

- Discuss the value of pre-construction planning
- Develop a list of pre-construction activities to plan
- Discuss how to increase profit margins and project success
- List the steps for a formal pre-construction planning process

This course will be facilitated by Awad Hanna.
