

**The National Electrical Contractors Association
& the Oregon-Columbia Chapter, NECA, Present:**

Change Order Management in Electrical Construction

Tuesday, April 16, 2019– 8:00 am to 3:00 pm

Oregon-Columbia Chapter, 601 NE Everett St. Portland, OR 97232

\$465 per-person for Chapter Members

Most electrical contractors agree that one of the industry's most vexing problems is the change order. They may significantly alter the nature of the work, change the materials to be installed, or be considered "insignificant" changes, but they often alter the sequence of scheduled activities, require rework of installations and divert some manpower and equipment needed for the original contract work.

Following this course, participants will be able to:

- Identify change order errors in advance to minimize project loss
- Describe the impact of change management on project success
- Discuss how to minimize the impact of change orders
- Explain how to manage changes on a project

This course will be facilitated by Dr. Awad Hanna.

Name _____ Job Title _____

NECA Member Number _____ NECA Chapter Affiliation _____

Company _____ Street Address _____

City _____ State _____ Zip _____

Telephone _____ Email _____

***Required for online course registration**

Enclosed is my check for \$ _____
